1. Welcome

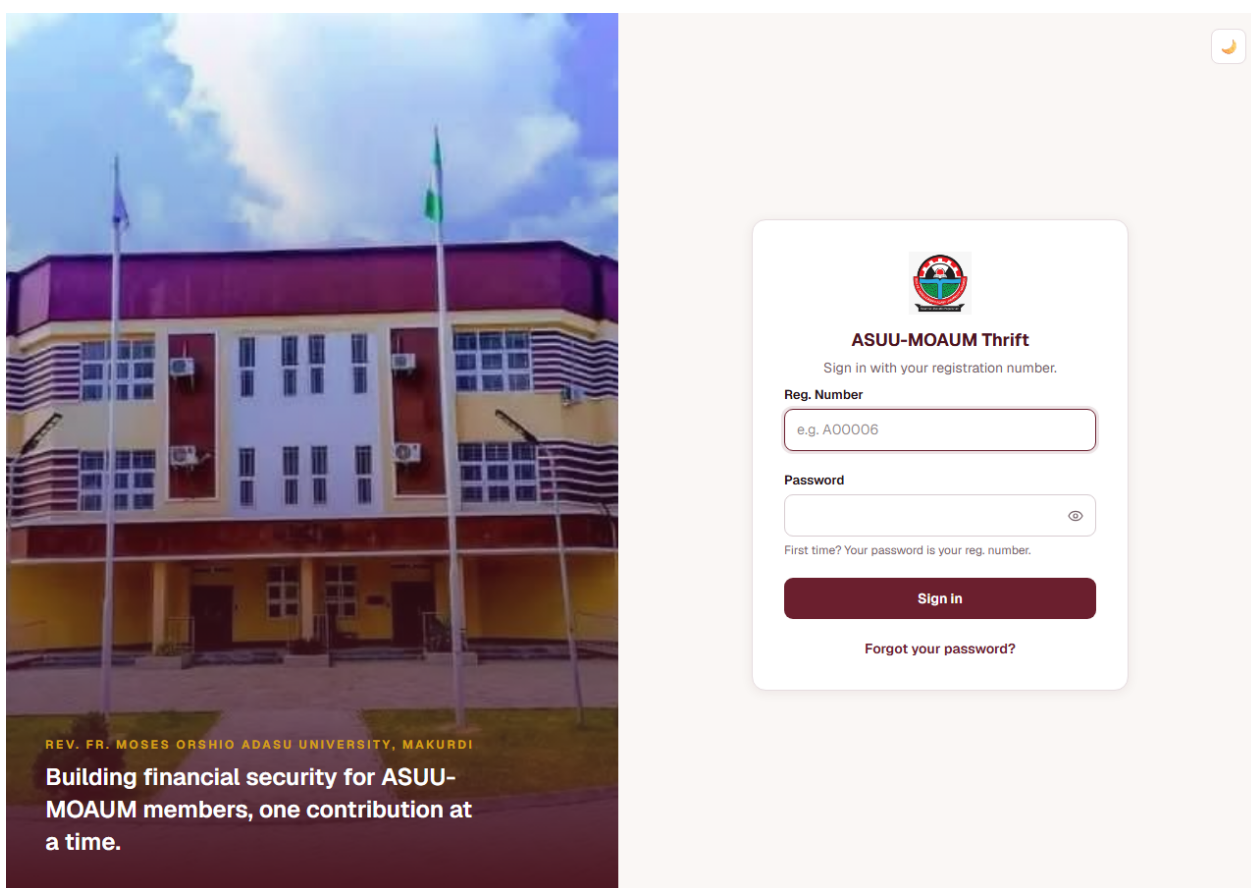

This manual walks you through everything you can do as a member on the ASUU-MOAUM Thrift & Savings portal: signing in, checking your savings and loan balance, applying for a loan, responding to guarantee requests, downloading your transaction history, and keeping your account details up to date.

Every screenshot in this manual uses a demonstration account with made-up figures - none of it is a real member's data. Your own dashboard will show your real regn. number, savings balance and transactions in the same layout.

Tip: You can reach the portal from any web browser on your phone, tablet or computer at the address given to you by the cooperative office - no separate app is required, though an installable app option is also available (see Section 9).

2. Signing In

Open the portal in your browser and you'll see the sign-in screen below. Enter your **registration number** exactly as issued to you (for example **A00006**) and your password.

The sign-in screen.

First time signing in?

If you have never logged in before, your password is your **registration number itself**. The system will ask you to choose a new, private password immediately after your first successful sign-in -

choose something only you know.

Keep your password private. Cooperative staff will never ask you for your password over the phone, by email, or by text message.

3. Your Dashboard

After signing in you land on your Dashboard - a snapshot of your account. If the cooperative has a current announcement, it scrolls across the top in a red banner.

ASUU-MOAUM
THRIFT & SAVINGS

Announcement With out account details are to input their account details into the system for easier process of divided and other trans.

The member dashboard, showing savings, loan balance and recent transactions.

The dashboard shows, at a glance:

- **Monthly savings** - the amount deducted from your salary each month.
- **Loan payments** - your monthly loan repayment amount, if you have an active loan.
- **Monthly deductions** - savings plus loan repayment combined.
- **Total savings** - your running savings balance to date.
- **Loan balance** - what you still owe on any active loan.
- **Equity** - your total stake in the cooperative.

From here you can jump straight into applying for a loan, or updating your savings amount and bank details, using the two buttons under your balances. The table below shows your five most recent transactions - the full history is under the **Transactions** menu (Section 6).

4. Applying for a Loan

Open **Loans** from the left-hand menu. The form at the top lets you apply; any loans you've already applied for are listed underneath.

Second guarantor

Search active members by name or regno...

Both must be different active members of the thrift, and must accept before your application can be approved.

Reason

Submit application

Your loans

No loan applications yet.

The Loans page before any application has been made.

Filling in the application

- **Loan type** - each type shows its interest rate, whether interest is charged "at source" (deducted up front) or "built in" (added to what you repay), the repayment term, and the minimum/maximum amount you may request.
- **Amount requested** - must fall within the range shown for the loan type you picked.
- **First and second guarantor** - two other active members who vouch for you. Search by name or registration number. Both must accept the request before your application can be approved (see Section 5).
- **Reason** - a short note on what the loan is for.

Log out

A submitted application, awaiting guarantor and admin approval.

Tip: Applying online carries a small, fixed **Online Loan Application Fee**, which is posted to your transaction history automatically - you'll see it listed in Section 6.

5. Responding to Guarantee Requests

If another member names you as a guarantor on their loan application, it shows up under **Guarantee requests** in your own menu - you'll see who applied, how much, and their stated reason. Nothing is deducted from you by agreeing to guarantee someone; it simply means you vouch for their ability to repay.

Guarantee requests

Loan applications where another member has named you as a guarantor.

Amaka Bello (ZTESTDEMO)
₦150,000 - applied 2026-09-28
"Medical emergency for a family member."
Your response: **PENDING** Other guarantor: **PENDING**

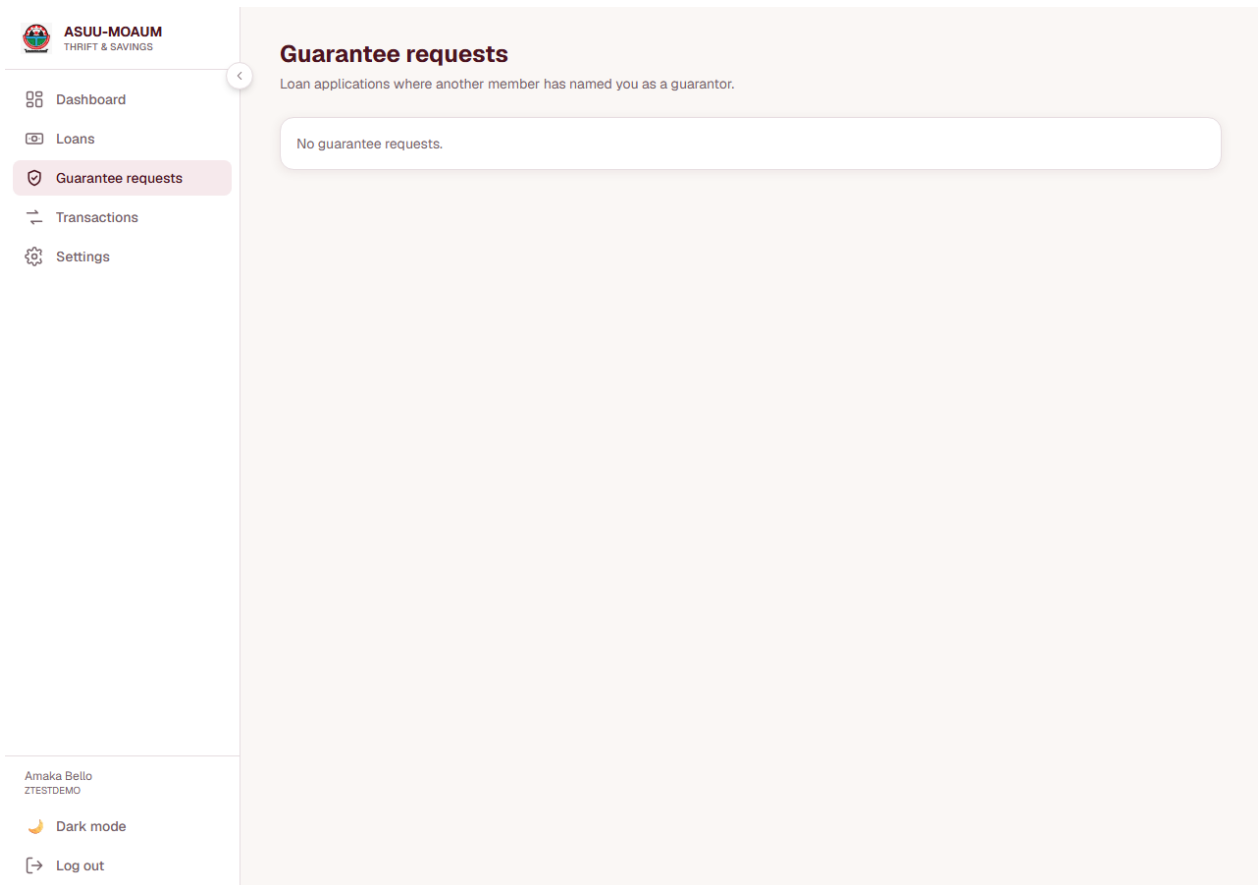

Accept

Reject

A pending guarantee request, as seen by the guarantor. Accept or Reject either responds immediately.

Use **Accept** or **Reject** to respond. A loan needs **both** guarantors to accept before the cooperative can approve it - you can see the other guarantor's response alongside your own.

If you're the one applying for a loan, this same page shows the status of the guarantee requests you've sent out, so you can follow up with your guarantors if needed.

The Guarantee requests page from the applicant's own side.

6. Transaction History

Open **Transactions** to see your complete savings and loan history - every monthly deduction, loan disbursement, repayment and fee, each marked **CR** (credited to you) or **DR** (deducted from you).

Save

Monthly savings amount

Current: ₦25,000. Minimum ₦20,000; amounts above ₦100,000 need admin approval.

New amount

Request change

Interest on savings (IOS)

Each year's unpaid interest is applied for on its own, not blended into one total - there's no amount to type in, and this isn't limited to the current fiscal year.

No unpaid IOS to apply for.

Bank account and monthly savings settings.

Bank account

Select your bank from the searchable list and enter your 10-digit account number, then **Save**. This is the account the cooperative pays dividends and any withdrawal or loan disbursement into.

Monthly savings amount

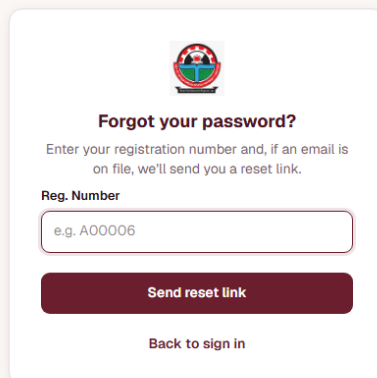

You can request a change to how much is deducted from your salary each month. The minimum is **₦20,000**. Requests up to **₦100,000** take effect immediately; anything above that needs the cooperative's approval first, and you'll see the request sitting as pending until it's decided.

Password

Scroll further down the Settings page to change your password at any time - you'll be asked for your current password first.

8. Forgot Your Password?

On the sign-in screen, select **Forgot your password?** and enter your registration number. If the cooperative has a valid email address on file for you, a password reset link is sent there - open it and choose a new password.

A screenshot of a mobile application screen titled "Forgot your password?". At the top is a circular logo with a red border and a green and blue design. Below the logo, the text "Forgot your password?" is displayed in bold. Underneath, a smaller line of text reads: "Enter your registration number and, if an email is on file, we'll send you a reset link." Below this is a label "Reg. Number" followed by a text input field containing the placeholder text "e.g. A00006". At the bottom of the form is a dark red button labeled "Send reset link". Below the button is a link labeled "Back to sign in".

The Forgot your password screen.

No email on file, or the link never arrives? Contact the cooperative's ICT/administration office directly (Section 11) - staff can reset your password for you from the admin side, after which you'll be asked to set a new one on your next sign-in.

9. Installing the App on Your Phone

The portal works in any mobile browser without installing anything. If you'd like an app icon on your home screen that opens straight to the portal, you have two options:

Option A - Install from your browser (recommended)

- Open the portal in Chrome (Android) or Safari (iPhone).
- Android/Chrome: tap the menu (■) and choose **Install app** or **Add to Home screen**.
- iPhone/Safari: tap the Share icon and choose **Add to Home Screen**.
- An ASUU-MOAUM Thrift icon appears on your home screen, opening straight to the sign-in page.

Option B - Android APK

An installable Android package (.apk) is also available from the cooperative's ICT office for members who prefer to install it directly rather than through the browser.

10. Frequently Asked Questions

Why can't I apply for a Brought Forward Loan (BFL)?

BFL is a historical marker carried over from the old records system, not a loan product you can newly apply for - it will not appear in the loan type list.

My guarantor hasn't responded - what do I do?

Ask them directly to check their own Guarantee requests page and respond. The cooperative cannot approve your loan until both guarantors have accepted.

Can I have more than one loan running at once?

This depends on the loan type - some allow only one active loan of that type at a time. If you've reached the limit, the application form will tell you so when you select that loan type.

I changed my monthly savings amount but it hasn't changed on my dashboard.

If your new amount was above ■100,000, it's waiting for the cooperative's approval first - amounts of ■100,000 or below take effect immediately.

Is my data safe?

Your session is protected by a password only you know, and all cooperative staff access is logged. Never share your password with anyone, including cooperative staff.

11. Need Help?

For anything this manual doesn't cover - a payment that looks wrong, a loan question, or trouble signing in - contact the ASUU-MOAUM Thrift & Savings cooperative office directly. Cooperative staff can also register new members, reset a forgotten password, and approve pending requests.
